ABOUT MOKALENG

Mokaleng SMP - is an engineering consulting and construction entity that has been in operation since 2015. The company provides specialised engineering solutions and value-added services within the structural, mechanical, piping, metallurgical, welding, and quality risk-based inspection sectors.

Our expertise extends across the fabrication, installation, maintenance, and repair of piping systems, structural steelwork, pressure equipment, and mechanical components within the petrochemical, power generation, and utilities industries.

Backed by a highly experienced and qualified team with more than 100 years of combined industry expertise, Mokaleng is committed to delivering safe, cost-effective, and high-quality engineering solutions aligned with industry standards and client requirements.

VISION & MISSION

Vision

”To build a proudly South African company that empowers people, drives technical excellence, and delivers sustainable value to our clients, communities, and the industries we serve.”

Mission

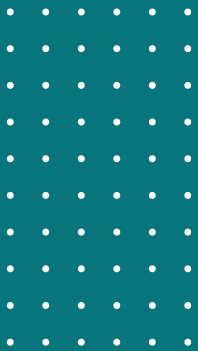

”To deliver integrated Structural, Mechanical, Piping, and engineering solutions through technical excellence, quality workmanship, innovation, and an uncompromising commitment to safety, integrity, and long-term client partnerships.”

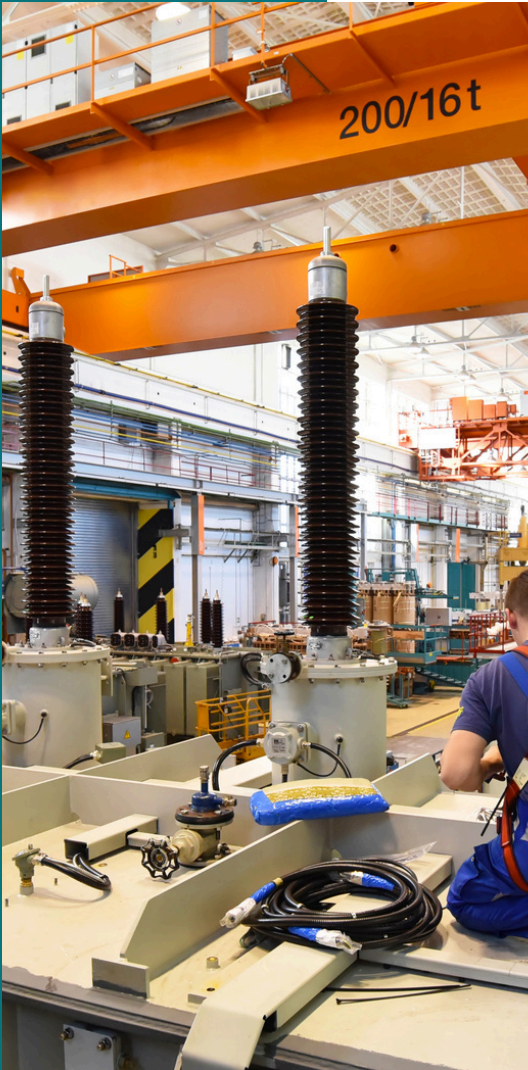

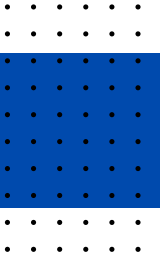

OUR VALUES

At Mokaleng, we're dedicated to building a culture that truly values diversity, inclusion, and respect, where everyone feels appreciated and encouraged to share their unique insights.

- SAFETY FIRST
- INTERGRITY
- ENGINEERING EXCELLENCE
- RELIABILITY
- INNOVATION
- ACCOUNTABILITY
- TEAMWORK
- CLIENT COMMITMENT
- SUSTAINABLE GROWTH

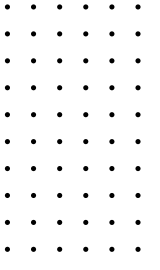

OUR SERVICES – STRUCTURAL

At Mokaleng SMP, our Structural Engineering Services deliver innovative, safe, and cost-effective solutions tailored to the petrochemical, energy, industrial, and infrastructure sectors across South Africa.

We specialize in the design, analysis, fabrication support, and construction management of structural systems for both new-build and maintenance projects. From initial RFQ and concept development through detailed engineering, calculated drawings, fabrication, and site execution, our team ensures every project is executed to the highest standards of quality, safety, and compliance.

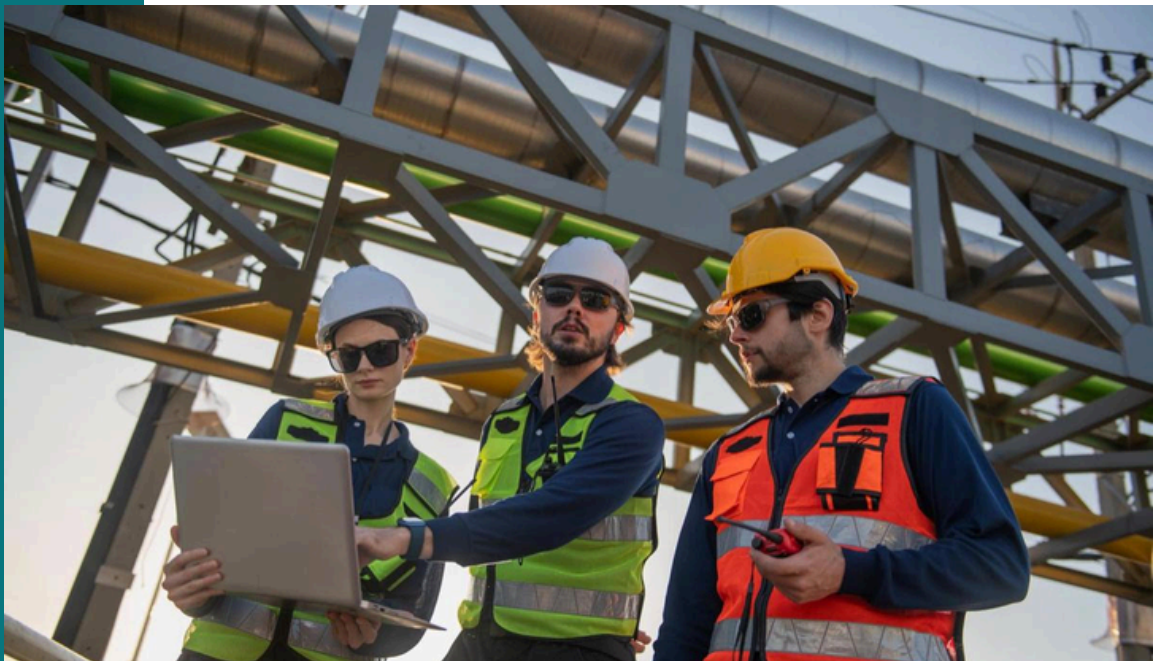

Also, Mokaleng is a specialist lifting equipment company providing inspection, maintenance, certification, and supply solutions for lifting machinery, equipment, and structures. Our experienced team ensures the safety, reliability, and compliance of cranes, hoists, gantries, lifting tackle, and associated structures through planned maintenance, detailed inspections, and proactive risk management.

We specialize in statutory inspections, load testing, and certification in accordance with occupational health and safety legislation, issuing Certificates of Compliance to keep clients fully compliant and audit-ready. Mokaleng also supplies a comprehensive range of quality lifting equipment and rigging accessories, delivering reliable, end-to-end lifting solutions tailored to every application.

Our Capabilities includes:

- Structural steel design and detailing
- Industrial platforms, pipe racks, and support structures
- Maintenance and shutdown structural modifications
- Civil and structural assessments
- Fabrication and erection support
- Project coordination and construction management

OUR SERVICES – MECHANICAL

At Mokaleng SMP, our Mechanical Services division provides specialized maintenance, shutdown, construction, and engineering solutions to the petrochemical, energy, mining, and industrial sectors across South Africa.

We deliver turnkey mechanical solutions covering the full project lifecycle – from planning and technical support to fabrication, installation, maintenance, and commissioning. Our experienced teams are equipped to execute critical shutdowns, plant maintenance, and mechanical construction projects safely, efficiently, and within demanding operational schedules.

Our Capabilities includes:

- Mechanical maintenance and shutdown execution
- Installation and commissioning of mechanical equipment
- Piping systems and mechanical equipment handling and maintenance
- Rotating and static equipment maintenance
- Rigging, and plant modifications assistance
- Preventative and corrective maintenance programs
- Project coordination, turnaround and construction management

OUR SERVICES – PIPING (WELDING)

At Mokaleng SMP, our Welding Services division delivers high-quality welding, fabrication, and repair solutions to the petrochemical, energy, mining, and industrial sectors throughout South Africa.

We provide skilled welding services for maintenance, shutdowns, construction, and plant modification projects, ensuring all work is executed in accordance with industry standards, approved welding procedures, and strict quality control requirements. Our experienced teams are equipped to perform both workshop and on-site welding activities in demanding operational environments.

Our Capabilities includes:

- Structural and piping welding
- Coded welding and certified welding procedures
- Plant maintenance and shutdown welding support
- Stainless steel and carbon steel fabrication
- Repair and integrity restoration work
- TIG, MIG, ARC, and flux-core welding processes
- Fabrication, fitment, and installation support

OUR CERTIFICATION

CERTIFICATE OF REGISTRATION

This is to certify that the Management System of:

Mokaleng Engineering Projects (Pty) Ltd.

10 Voortrekker Road
Unit 4 Workshop
Kinross Business Park
Kinross, 2270

has been registered by CERTX as conforming to the requirements of:

ISO 3834-2:2021

The scope of this registration is applicable to:
Manufacture and repair by fusion welding of metallic materials. Further details on the scope of this registration and other relevant data are given in the annex to the certificate.

<p>Certificate Registration Number: CX S W-240027</p> <p>Date of Certification Decision: 30 September 2024</p> <p>Valid From: 30 September 2024</p> <p>Valid Until: 29 September 2027</p> <p>Issue Date: 30 September 2024</p>	<p>For the Certification Body</p>  <p>Lawrence van Renpsburg Certification Manager</p> <p>CERTX SA (Pty) Ltd. Wierda Crest Estate 7190 Cineraria Street Rooiboskroon North Centurion, 0157 Tel: +27(0) 82 727 6019 E-mail: info@certx.co.za www.certx.co.za</p> 
---	---

In the issuance of this certificate, CERTX assumes no liability to any party other than to the Certified Client, and that only in accordance with the agreed upon Certification Contract. This Certificate's validity is subject to the Certified Client maintaining their system in accordance with CERTX requirements for certification. Any party may be contacted via e-mail at info@certx.co.za. The certificate remains the property of CERTX, to whom it must be returned upon request.

WHY MOKALENG

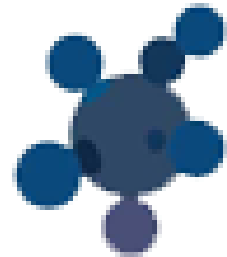

- ✓ Extensive industry expertise across civil engineering refineries, gas processing facilities, petrochemical plants, and downstream operations and welding.
- ✓ Proven commitment to safety, regulatory compliance, and practical constructability in line with rigorous industry standards
- ✓ National project experience combined with strong local understanding of applicable codes and execution methodologies
- ✓ Transparent and collaborative communication focused on delivering value-driven project outcomes
- ✓ Our highly experienced and qualified team brings together more than 100 years of combined industry expertise across the sectors.
